# Smart, Secure Software Combined with Advanced Hardware Integrations with ICT

Whether you're at your desk or on the go, Proptia enables you to keep your finger on the pulse of your residential gate access control system with physical access control from anywhere. That's the power of a cloud-based suite—everything you need in one place, ready to be accessed anytime, at your convenience.

- Automatic Move-in and Move-out Credential Management
- Smartphone Mobile Credential Compatible
- Control Access to perimeter gates and amenities
- Manage permissions to accommodate different levels of access to your property
- One-Time and recurring calendar actions
- And much more...
