

Benefits of Protege Access+

The Protege Access+ app allows ICT mobile credentials to work seamlessly with your Protege GX and Protege WX systems, while also enabling you receive video calls from a Protege Entry Station and grant access with ease.

Key benefits

- > **Intuitive Design.** With a refreshed design and increased functionality, the Protege Access+ app gives you the peace of mind you need and the convenience you want.
- > **Comprehensive Control at Your Fingertips.** Monitor and manage Protege GX sites with just a swipe. Check status, arm/disarm areas, and take full control of lights, locks, signage, and HVAC systems, all from your mobile device.
- > **Customizable Credentials.** Utilize credential branding and the ability to add custom artwork via the credential portal, tailoring the app to reflect your business and location.
- > **Advanced Security for Peace of Mind.** Enjoy layers of authentication and built-in protection against attacks to safeguard your site, even if a phone is lost or stolen.
- > **Plastic-Free, Sustainable Credentials.** Say goodbye to plastic card credentials with secure, eco-friendly mobile alternatives, reducing your environmental footprint without compromising functionality.
- > **Effortless Multi-Site Management.** Store and switch between multiple credentials on a single device, simplifying operations for security professionals, building managers, and business owners managing multiple locations.
- > **Information You Need, When You Need It.** Get real-time insights on the go with Protege GX reports. From event data to user trends and more, gain a clear picture of performance to make smarter, faster decisions.

Integrated Control Technology (ICT) is an award-winning global manufacturer of security solutions. For more than 20 years, ICT has led the way with their unified systems for access control, intrusion detection, and building automation.

“ My vision is to make access, intrusion, and automation easy for our customers. A lot of security products are complicated and only offer one service. Our driving idea is that you create success – and value – when you combine them into a unified solution. - **Hayden Burr, Founder & Chief Innovation Officer, ICT.** ”
